ABOUT ME

As a fourth-year BSc student majoring in Software Engineering, I excel in competitive programming, showcasing strong problem-solving skills and algorithmic proficiency. My expertise extends to team leadership and mentorship, where I've successfully guided and collaborated with peers. With a solid foundation in software engineering principles, I bring effective communication and a proactive approach to every project.

EXPERIENCE

2023 & 2025
Metropolitan University

MU PROGRAMMING OLYMPIAD(MENTOR)

- Mentored students in programming, offering coaching and support to enhance problem-solving and algorithmic thinking.
- Conducted workshops and training sessions to prepare students for programming competitions.
- Contributed to content creation and team mentoring during both the 2023 and 2025 editions of the Olympiad.

2023 - 2024
Metropolitan University

MU ACM(SWE)-MENTOR

- Mentored students in software engineering, conducted workshops, and fostered a collaborative learning environment within MU ACM (SWE).

EDUCATION

2022-2025
Sylhet - Bangladesh

METROPOLITAN UNIVERSITY

- Bachelor of Science in Software Engineering

2018-2019
Sylhet - Bangladesh

MURARICHAND COLLEGE,SYLHET

- Higher Secondary Certificate(HSC)

EXPERTISE

- Project Management
- Creativity
- Teamwork
- Negotiation
- Critical Thinking
- Leadership

SKILLS SUMMARY

Skill	Level
C, C++, Python	90%
Data Structure & Algorithm	81 %
Project Management	93 %
Machine Learning	70%
